CENTER

One of the biggest and misunderstood problems in our country is mental health. It is hard for people to understand it because it deals with the mind and can't be seen. It includes everything from depression to anxiety to addiction. Our church has partnered with Pathways and the Troup County Drug Court to attempt to raise \$420.00 to make it possible for people to take the GED and get their High School Diploma so they can have a chance at a new life. \$100 will pay for 25 GED pretests and the other \$320 will allow two people to take the complete GED test. Any amount will help change the lives of people who are trying to be able to live a normal life. Mark your check or gift with the letters GED. Thank you for your generous and caring gift!

SPIRITUAL GROWTH

God's Standard is Right!

Our world today has a problem with authority and STANDARDS. Even among believers, the attitude is that something is "right" for you if you feel good about it. Or, "If you think it's IMPORTANT, then it must be OK for you." Be careful if that's your attitude. God's STANDARDS do not shift with the latest fad or based on how you "feel" about a situation, thing or event.

Our feelings and our heart can be drawn away into sin and "worthless" things very quickly. The enemy tempts us by causing us to give extra value to something that God has settled as sinful. The devil tries to "de-value" God and increase the value of this world with your feelings. Don't let him trick you. God's Standards are always RIGHT and always BEST. We must be submissive and obedient to the Word of God.
